<https://brixportfolio.vercelapp> | Trece Martires City, Cavite

PROFESSIONAL OBJECTIVE

A reliable and hardworking individual with experience in office support and technical maintenance. I am a fast learner, well-mannered, and always willing to learn new skills to improve my work. Committed to providing high-quality service and supporting the team in any task required

TECHNICAL SKILLS

- Computer Literacy: Proficient in using computers, productivity software, file management, and common digital tools for daily work tasks.
- Computer/Laptop Hardware: Knowledgeable in hardware components, basic troubleshooting, system maintenance, cleaning, upgrades, and peripheral setup.
- Software Tools & Operating Systems: Familiar with installing, configuring, updating, and troubleshooting Windows operating systems and common software applications.
- Vibe Coding using AI Agent (Gemini, ChatGPT, Claude Code): Able to use AI-assisted coding tools to generate, understand, debug, and improve code and develop software solutions.

PROJECTS

Static Culture (e-Commerce) | 2026

- Developed and deployed a responsive digital storefront for a clothing and lifestyle brand, showcasing products, collections, pricing, and product details.

e-Biga MIS for Barangay Biga Tanza Cavite (Capstone Project) - <https://ebigatanza.com>

- A web-based Management Information System for Barangay Biga that digitizes resident records and streamlines barangay services, reporting, and document processing.
